

Living Alone with Alzheimer's *A Solutions Summit*

This day-long summit seeks to answer the question about how people are living alone with cognitive impairment and will convene colleagues from the field that have developed solutions for supporting them.

Featuring conversations with persons who are navigating life with dementia; health and social risk factors such as social isolation; interdisciplinary models of care; and ethical dilemmas. Solutions providers from social services, health care and technology sectors will be highlighted.

Registration fee: \$79 Before Nov 30 \$69

Registration includes light breakfast, lunch, and coffee breaks
