Hospital 2 Home (H2H)

A care transition program safely supporting adults returning home from a hospital or rehab stay

The Hospital 2 Home (H2H) Care Transitions program is a response to the ever-increasing need for community support and interventions to help adults and those living with memory loss or chronic medical conditions remain safely living in the community rather than institutionalized. H2H offers individuals and caregivers crisis intervention, care coordination, resource connection, education, and respite coaching.

H2H helps those living with:

- Chronic conditions
- Covid-19 complications
- Memory loss or cognitive decline
- A lack of in-home support
- Caregiver burnout
- A need for follow-up care
- Low health literacy
- Emotional health needs

The benefits of Hospital 2 Home:

- Medical stability
- Reduced caregiver burden
- Access to long-term care resources
- Increased patient engagement
- Improved health outcomes
- Swift response to referrals
- Coordination in care

Easy Referral Process:

- Anyone can make a referral
- Scan QR for a referral form
- Call (702) 333-1539
- Email NSSadmissions@NevadaSeniorServices.Org
- Fill out an Online referral on our website at Hospital2Home.Org

HOSPITAL 2 HOME
CARE TRANSITIONS

The Hospital 2 Home team leads with kindness to become an advocate standing alongside the client and caregiver during a stressful and vulnerable time.
